

Staying Home.

 is a  virus that is  making people  feel  poorly.

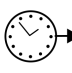

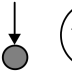

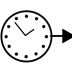

To  stop  more people  feeling  poorly the  Government has  said  people  should  stay

 home if  they  can.

 I  will not  go to school. I  will  stay at  home.

I can  complete  activities  my  school  has  sent for  me to  do  at  home. I can  share 

 books,  play  with  my  toys,  go  in  the  garden  and  listen to music.

It  will  be  different  being  at  home  but I  will  be  ok.

 My  teachers  will  call  my  house  once  a  week  to see  how I  am.

 School  will  tell  my  family  when I can  go back  and  see  my  friends.

 My  teachers  at  school  want  me  to be  safe. I  stay at  home  and  be happy.
