

Back to School.

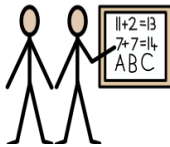

I will be coming back to school.

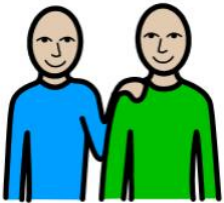

I will travel to school in the car.

I might be in a different classroom.

I might work with different teachers.

I might see some of my friends.

Some of my friends will stay at home.

I might feel worried about being back at school.

That is okay.

My teachers will keep me safe.

I must still wash my hands and cough or sneeze into my elbow.

I will have fun while I am back at school.
